

on the chest in the hall

she wears in the fal

for the Veil

THE STATE OF THE S she wears with her bonnet

is her Zither

## 1 is One by Tasha Tudor

Designed as a companion volume to Miss Tudor's popular alphabet book, A Is for Annabelle, this charming book includes numbers one through twenty. Each number is graphically illustrated by one of Miss Tudor's paintings and accompanied by an original verse.

A variety of pictures—of animals, children, trees and flowers—as well as the easy-to-remember verses will encourage the youngest readers to learn their numbers and make them want to return to the book again and again.

The old-fashioned loveliness of Miss Tudor's delicate illustrations make this a particularly inviting introduction to "how to count."
